

FAIRLEY HOUSE FLYER

Fairley House this week:

The second week of term has seen pupils and staff settling well back into school routine and we have lots more news and events to share with you. We wish you a relaxing, safe and happy weekend.

Maths Years 7 & 8 (CS)

This week Mr Stevens' years 7 and 8 students have been studying properties of Algebra. The Year 7 students were partnered up with a year 8 student and required to work at the same pace within their pairs. They all did exceptionally well. There was brilliant questioning, explaining and challenging of each other's answers. The year 7 students have made a fantastic start, adjusting to the high pace set within KS3 and the year 8 students have shown brilliant retention of work studied last year. As a teacher, it's brilliant to hear the enthusiasm throughout each lesson and comments such as: "I can't believe how much work we've got through." Well done to all of you, keep up the hard work.

Mr Stevens

Head of KS4 Maths

Year 7 – History - Einstein/Winkler (CS)

Y7 have begun to learn about the Battle of Hastings - to investigate if there could have been a different outcome, an historical investigation was launched through battle! Key roles were assigned to different members of the groups and allies decided between themselves. Outcomes were varied... next they will look at how historical events were recorded.

Mrs Cook
Head of KS4

Year 9 Science (CS)

Y9 have been studying acids and alkalis and here are investigating the pH of different solutions using universal indicator.

Ms Dolz

The Student Leadership Team at Causton Street.

We are pleased to be introducing our new Student Leadership team for the senior school. *This will replace the previous class and house captain systems.*

The student leadership team will be selected from students in years 6-11 who volunteer for the role and take part in an interview for the position. The students will take a up the role for the whole year. Duties will initially cover the school council remit but will eventually expand to cover other areas of student voice for the school.

Any questions? Please contact **Mrs Read** for more details kr@fairlyhouse.org.uk

Bloom Class (LR) Geography Lesson

Bloom class has been learning about the world's oceans in geography. They used inflatable globes to identify the oceans. We investigated the fact that 71% of the world is covered in water. We threw the inflatable globes and looked at whether our index fingers were pointing at the land all the ocean. The majority of the time the class found ocean locations. Everyone enjoyed catching the globes.

Year 11 Science

Year 11 have been learning about the different ways to generate electricity. They have learnt that a generator converts kinetic (movement) energy into electrical energy by spinning a magnet in a coil of copper wire. They have also been learning about the advantages and disadvantages of different sources, including renewable and nuclear power.

Ms Unau

Junior Department Star Badges (LR):

Carroll:

Star of the Week – Jasmine S.

Bailey:

Star of the Week – Leonie P.-C.

Bell:

Star of the Week – Liam K.

Ali:

Star of the Week – Zachary L.

Knightley:

Star of the Week – Zachary V.

Andersen:

Star of the Week – Willow G.

Redgrave:

Star of the Week – Kamran M.

Branson:

Star of the Week – Winston F.

Bloom:

Star of the Week – Jake K.

Junior Department Top PHP Scorers

This week's top PHP credit scorers are:

1. Pererin H. 2B
2. Liam K. 2B
3. Amadeus B. 3K
4. Katie B. 5A
5. Eva C. 4B

Senior Department Top PHP Scorers

This week's top PHP credit scorers are:

1. Cameron M. 7P
2. Thomas E. 6R
3. Lola J. 7E
4. Sadie W. 7W
5. Isla R. 6R
6. William C. 7W
7. Ethan T. 7W

Junior School: House Captains

Da Vinci

Captain- Ahmed El-G. 5B

Vice Captain- Isobel H. 5A (Ali)

Oliver

Captain- Fedor T.-A. 4B

Vice Captain- Beatriz N. 5A (Anderson)

Dahl

Captain- Katie B. 5A (Ali)

Vice Captain- Rocha H. 5A (Anderson)

Churchill

Captain- Oscar V. d. H. 4B

Vice Captain- Kip M. 5B
