

The Fairley Flyer

Fairley House

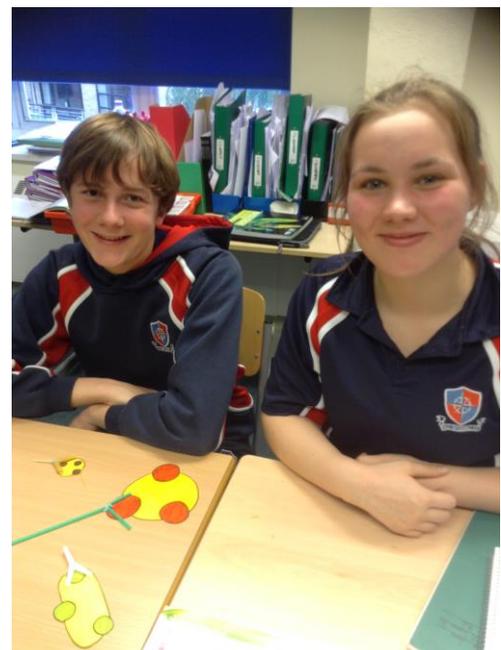

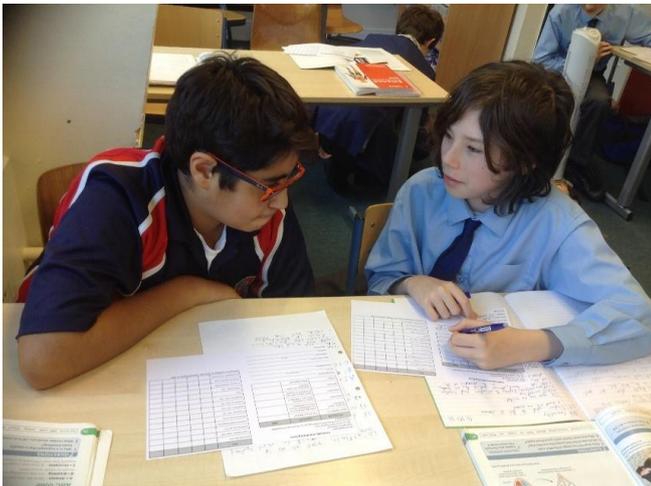

What's been happening this week at Fairley House...

Year 10 and 11 have been learning about white blood cells and how vaccines work. They made models of antibodies to fit the antigens on different pathogens.

SCIENCE – MS MORLA

Year 9 have been learning about emergency codes and what to do if someone is injured in an accident. They performed a role play about a situation in which one of them was injured and needed an ambulance.

READING – MS BOULTER

We had a fun multisensory Reading lesson this week. We read the instructions on 'How to make a Caterpillar' from the 'Clay Creatures' group reading book. We then made our own caterpillars out of modelling clay, making sure we read and followed the instructions carefully. The caterpillars were made with great artistic flourish showing how creative the children can be. Congratulations on your cool caterpillars!

ART – YEAR 3

Year 3 are investigating colour in Art. They mixed colours that made them feel happy or sad. Orange makes one of them feel happy and dark green makes this year 3 feel angry.

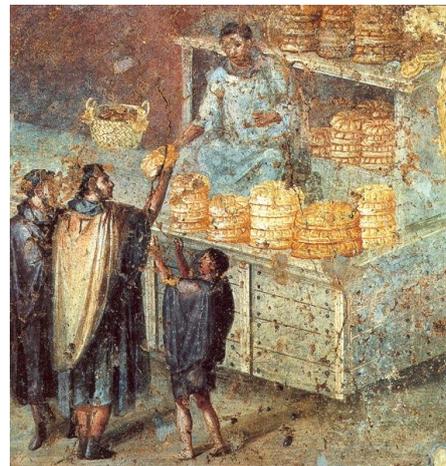

DT – YEAR 5

In DT, Year 5 learnt about yeast. Yeast is microscopic organisms that absorb sugar and burp out Carbon dioxide. The bubbles formed by the yeast are trapped by the flour which makes our bread soft to eat.

HISTORY & WRITING – MRS KELLY

During History this week, when learning about Ancient Roman foods, Branson class made Roman Honey Biscuits and Garlic Cheese. The Garlic Cheese recipe had 5 cloves of garlic, but the Ancient Romans would have had about 20 cloves in the same recipe!

In our Writing lesson, we tasted each recipe and then wrote a cinquain poem on the recipe of our choice. We are really proud of our poems and wanted to share them with you!

A cinquain poem is a verse of five lines that do not rhyme.

The cinquain poem was created by Adelaide Crapsey

PE – KS4

This term, Year 10 and 11 students have been giving the chance to boulder at VauxWall Climbing Centre.

It has been a great opportunity for those involved to test their balance, coordination and strength in the unique setting of the climbing centre. The staff have been hugely impressed with the efforts made by the students so far and look forward to seeing the other half of Year 10 and 11 give it a go after half term.
